Foster Care or Therapeutic Foster Care Home	*	*	*	18	*	8	8	12	*	*

*Low precision; no estimate reported.

NOTE: Some 2010 estimates may differ from previously published estimates due to updates (see Section B.3 in Appendix B of the *Results from the 2011 National Survey on Drug Use and Health: Mental Health Findings*).

NOTE: Receipt of specialty mental health services for persons aged 12 to 17 is defined as having received treatment/counseling for emotional or behavioral problems not caused by drug or alcohol use.

NOTE: Respondents with unknown receipt of specialty mental health service information or unknown number of visits/stays were excluded.

^a Difference between estimate and 2011 estimate is statistically significant at the 0.05 level.

^b Difference between estimate and 2011 estimate is statistically significant at the 0.01 level.

¹ Respondents could indicate multiple service sources; thus, these response categories are not mutually exclusive.
